RELEASE DATE       June 1st, 2017

VARIETAL COMPOSITION     Shiraz 72% • Cabernet Sauvignon 28%

APPELLATION             Stellenbosch

VINEYARDS              Ernie Els Wines

HARVEST                 March & April, 2013. 25.5° Brix average sugar at harvest

TECHNICAL DATA
Alc. 15.0 % By Vol. ▪ R.S. 3.4 g/l ▪ T.A. 5.7 g/l ▪ pH 3.6

COOPERAGE
Aged for 18 months – 70% in 300 litre French Oak barrels & 30% in 300 litre American Oak barrels (50% new)

PRODUCTION              598 x 750ml

SUSTAINABILITY INITIATIVE     I.P.W. (Integrated Production of Wine) Certified

TASTING NOTES
The Shiraz-led blend really shines in this 2013 Stellenbosch vintage. The Shiraz illuminates with a shining black core and an intense purple edge. The nose is especially exuberant offering Asian spice, cured meat and juicy wild berry notes. The palate opens to an inky depth, coated by lush, powerful and yet classically savoury tannins. Shards of dark chocolate and toasted hazelnuts on the finish give an impressive sense of luxury. The Cabernet Sauvignon adds a long, silky and powerful finish with a deeply rich hue, leading to a nose that dazzles with vanilla, blackberry, liquorice and cherry. This is a brooding, complex Syrah based blend that will be best with a few years maturity and will age well for a decade.

THE 2013 VINTAGE
The 2013 harvest season started a week later than usual. Prolonged winter conditions continued in some areas up until September, followed by a cool spring which delayed bud burst by 7 to 14 days. The cold, wet weather conditions ensured even bud burst as well as the accumulation of water supplies that would allow the vineyards to cope with the warmer conditions later in the season. The vineyards had good growth in ideal dry weather conditions during the flowering and berry-set periods – although this also occurred later than usual. Early cultivars ripened later but an extremely dry and warm December resulted in the late cultivars ripening as normal. Ideal weather conditions during the harvest season prevailed with moderate day-time temperatures, cool evenings and no prolonged spells of rain or heat waves; this all impacted positively on grape quality and established good colour and flavour. It was also a particularly healthy year and diseases, pests and rot only occurred later in the season, while the warm and dry weather conditions together with effective disease and pest control resulted in minimal losses.

ABOUT THE VINEYARD
All fruit was sourced from the Ernie Els Wines property whose vineyards grow on the warm north-facing slopes of the Helderberg region within the Stellenbosch appellation. The Hutton Clovelly soils contain a high gravel content which offers rich middle palate weight giving this wine exceptional depth and fruit purity. Each variety is separately managed to create unique and varied flavor. With an altitude of approximately 250 metres above sea level together with the cooling influence of the Atlantic Ocean just 15 kilometres away, this extends the ripening period by up to 3 weeks resulting in lovely phenolic ripeness.

WINEMAKING
The grapes were hand-picked in the cool of early morning. On the sorting table, all excess stalks and inferior berries were carefully removed. Grape bunches were gently destalked with a Bucher de-stalker and lightly crushed. Fermentation took place in 7-ton, open-top stainless steel tanks with yeast WE 372 being added to the juice. The wines were pumped-over and punched-down manually 5 times per day ensuring maximum colour extraction from the skins. After primary fermentation the maceration period was 10 - 16 days before pressing. Each variety is maturated separately (micro-vinified) in oak barrels before blending and eventual bottling.
