THE STONEMASON  
DRY GIN  
HANDCRAFTED SPIRIT

CRAFTED LIKE NO OTHER...

Handcrafted in the Channel Islands, Pink Granite Gin 'The Stonemason' is a tribute to the local stonemasons who have hand-carved this uniquely coloured stone that formed millions of years ago and is inspired by their ability to create monuments of timeless beauty. It makes the environment we live in very unique.

This stunning gin has been designed by and made exclusively for us at Dunell's by Luke Wheadon of the Channel Islands Liquor Company in Guernsey. It is the result of over 18 months work and we are extremely proud of the blend which is an elegant infusion of locally grown raspberries as well as pink grapefruit, hibiscus and pink peppercorns to create a gin of pure sophistication.
